اسلام عليكم ورحمة الله وبركاته

With the help of Allah (SWT) I have compiled a few links for listening to Anasheed, Qiraat and Bayaanaat. إن شاء الله whoever listens can take benefit.

Please note the following:

- All tracks are free from musical instruments. If by chance i have uploaded a track that contains even the slightest note of musical instruments please notify me.

- Please notify me if a track is in the wrong link or if a track needs to be removed due to copyright.

- I have collected these tracks from many different sources and i did NOT name all the tracks, so if there is an issue such as

duplicates, wrong named tracks, etc
please notfiy me as well.
